

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: examiner's comments are made to summarize the focus of the reasons for allowance indicated by applicants. Though the applied and known prior art teaches the application of alpha alumina powders in a manner that would cause surface scratches and also would incubate the growth of alpha alumina, it is not obvious from the prior art applied or from other known prior to perform the application in a manner further including washing away the scratch-inducing material in order to incubate such growth.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to JOSEPH MILLER JR whose telephone number is (571)270-5825. The examiner can normally be reached on Mon-Thurs, 7am-4pm.
